Release Year Initial Release: February 2021, Version: 1.000

About Banda Nova - born as a purely display typeface, quickly evolved its own trademark style featuring tall x-heights and smooth, rounded semi-serifs that draw the audience in.

Banda Nova is a crowd pleaser, feeling equally at home on the retail shelf as well as on the cover of your favorite magazine. The 7 weights included in the package offer a wide variety of styles, with delicate and elegantly thin weights morphing into cute, bulbous giants sure to bring a smile to anyone's face.

Mies sought to establish his own particular architectural style that could represent modern times just as Classical and Gothic did for their own eras. He created his own twentieth-century architectural style, stated with extreme clarity and simplicity. His mature buildings made use of modern materials such as industrial steel and plate glass to define interior spaces, as also conducted by other modernist architects in the 1920s and 1930s such as Richard Neutra. Mies strove toward an architecture with a minimal framework of structural order balanced against the implied freedom of unobstructed free-flowing open space. He called his buildings "skin and bones" architecture. He sought an objective
